## **Commvault Professional Foundations**

CODE: LENGTH: PRICE:

COM PF 24 Hours (3 days) kr24,000.00

#### **Description**

Learn essential skills for configuring and administering Commvault® software to protect data in virtual and physical infrastructures. This 3-day course provides all the information about the Commvault environment core components including:

- CommServe® server configuration
- MediaAgent design
- Agent deployment
- Storage configuration
- · Data security

The class is balanced between technical discussions using detailed diagrams and white board sessions, and hands-on labs using an Education Services CVLab environment focusing on the Commvault Command Center™.

#### **Objectives**

The Commvault® Professional Foundations exam validates the skills required to configure and administer a CommCell® environment using the Commvault Command Center™. It proves a professional level skillset in the following areas:

- CommCell ® Administration user and group security, configuring administrative tasks, conducting data protection and recovery operations, and CommCell® monitoring.
- Storage Administration deduplication, disk, cloud and tape storage configuration.
- CommCell Core Components CommServe® server, MediaAgent and placement, client and agent configuration.

Passing the Commvault® Professional Foundations exam in combination with passing the Commvault® Professional Advanced exam results in obtaining the Commvault® Certified Professional certification.

#### **Audience**

This course is intended for personnel responsible for day-to-day administration and management of Commvault® software.

#### **Prerequisites**

It is recommended that you watch the Welcome to Commvault® e-Learning course. This course is included at no additional cost, as a part of the Commvault Professional Foundations registration, and is recommended to be completed prior to attending the course.

#### **Programme**

CommCell® Environment | CommCell® Overview | Product Lines | Commvault Command Center™ Core Setup | Commvault Command Center™ Navigation | Features | Commvault Command Center™ Customization | CommCell® Core Components Storage Configuration | Storage Overview | Disk Storage | Cloud Storage | Deduplication | Tape Storage Security | Storage Policies | Retention Client Administration | Users Security | Network Topologies Data Management | Plans | Data Protection | Data Recovery | Job Managemente Servers and Features | Servers and Server Groups | Agent Deployment | Files and Network Storage Protection | Virtual Machine Protection Monitoring | Views | Alerts | Reports | Support
