IBM TechU Digital Membership Enterprise

CODE:	LENGTH:	PRICE:
SUBR019G	2920 Hours (365 days)	£590.00

Description

IBM TechU – whenever you need it.
IBM TechU Digital Membership is a 12-month subscription for external organizations* to access session replays from the most recent IBM TechU events and quarterly live sessions for IBM Power, IBM Storage and IBM Z®.
How this works?
Over 250 on demand sessions in the form of 9 structured courses many which result in a digital badge, and 3 collections of additional content. In addition to the on-demand content, users will have access to quarterly live sessions for each brand. Live sessions will be interactive activities such as hands-on labs, demos, meet the experts and round tables - all providing access to the IBM Systems technical subject matter experts.
up to 5 learners will receive 1 access code each. And more…
Quarterly live sessions for each brand. Live sessions will include interactive activities such as hands-on labs, demos, meet the experts and round tables.
Members have access to sign up for two labs during the term of the 12-month Membership period.
Member discounts to IBM TechU events.Explore
Content will be renewed regularly and sessions from future events will be added two months post-event.

IBM TechU Digital Subscription includes an entitlement to IBM Learning content, which offers:

- The entitled Authorized User can take an unlimited amount of the on-demand courses for the term of the 12-month Membership period.
- WBT courses provide lecture material in text or graphic form and may include audio narration and recorded demonstrations.
- Three live activities per brand per quarter (IBM Power, IBM Storage and IBM Z®) with a live presenter/instructor. Two of these activities are limited to members only.
- Members have access to sign up for up to two labs during the term of the 12-month Membership period.

On-demand courses are accessible 24 hours a day, 7 days a week. There is no instructor or mentoring for the on-demand part of this IBM Learning Membership. Live labs and interactive SME sessions will not be recorded or provided on-demand. Weekly IBM TechU talks will be recorded and available for on-demand viewing.
Available TechU contents :**IBM TechU z/OS Parallel SysplexIBM TechU Hybrid Cloud and Multicloud Management IBM TechU Hybrid Cloud on StorageIBM TechU IBM Power Systems collectionIBM TechU IBM Storage Systems collection IBM TechU IBM Z collectionIBM TechU IBM Z EncryptionIBM TechU Linux on IBM zIBM TechU Modern Data Protection IBM TechU PowerVM Networking & PerformanceIBM TechU Red Hat and OpenShift - Storage**
