Citrix Networking Assessment, Design, and Advanced Configuration

CODE: CTX_CNS-420 **LENGTH:** 5 dage **PRICE:** kr 25,000.00

Description

In this expert level 5-day training course you will be exposed to advanced networking and NetScaler concepts and configurations. Through lecture, lab exercises, and real-world case studies, you will learn to look critically at environment requirements, constraints, and business drivers to create a complex Citrix networking solution. Topics to be covered in this course include multi-site and multi-tenant deployments, advanced authentication and load balancing, and automation and orchestration and advanced troubleshooting.

This training will also prepare students for the Citrix Certified Expert in Networking (CCE-N) exam.
