IBM Enterprise Records 5.1 - File Plan Design

Kod:	Czas trwania:	Cena netto:
F181G	1 day(s)	zł2,150.00

Description

This course is for those whose job includes responsibility for designing the file plan for an IBM Enterprise Records system and making decisions regarding record retention, disposition, and security. You use the IBM Enterprise Records web application to create the file plan. You work with a records administrator, an installer, a database administrator, and a programmer. You must be able to organize and communicate records management system requirements to the other roles.

You work with a fully functioning IBM Enterprise Records system to practice the skills required for designing file plans for records management.

If you are enrolling in a Self Paced Virtual Classroom or Web Based Training course, before you enroll, please review the **Self-Paced Virtual Classes and Web-Based Training Classes** on our Terms and Conditions page, as well as the system requirements, to ensure that your system meets the minimum requirements for this course.
