# VMware Workspace ONE: Deploy and Manage [V9.x]

| CODE: | LENGTH: | PRICE: |
|---|---|---|
| VM-WSO-DM-V9.X | 40 Hours (5 days) | $4,250.00 |

## Description

In this five-day course, you will configure and secure unified endpoint activation, registration, and authentication. You will learn how to integrate industry-recognized enterprise technologies with VMware Workspace™ ONE™. Through a combination of hands-on labs, simulations, and interactive lectures, you will learn how to configure and manage the endpoint lifecycle. The principles of enterprise mobility, unified endpoint, and identity management are addressed throughout the course. You will leave the training empowered with the foundational skills and knowledge needed to effectively implement Workspace ONE.

## Objectives

By the end of the course, you should be able to meet the following objectives:
• Identify and describe components of Workspace ONE and complementary software
• Identify authentication technologies used in Workspace ONE
• Install, configure, and validate integrated components
• Explain integration of Workspace ONE with directory services
• Create and explain environment group structures
• Demonstrate end-user Workspace ONE portal configuration
• Configure Workspace ONE registration and activation
• Provision and secure applications
• Apply single sign-on and multifactor authentication
• Integrate with virtual desktop infrastructure (VMware Horizon® virtual desktops and applications)
• Create and implement profiles, authentication policies, and role-based access controls
• Explain and issue device commands
• Manage email configurations
• Integrate with content resources and provision access
• Explain and analyze reporting and auditing
• Apply general troubleshooting techniques
• Implement unified endpoint management with Workspace ONE

## Audience

Workspace ONE administrators, experienced mobility and identity administrators, solutions architects, solutions engineers, sales engineers, and consultants

## Prerequisites

This course has no prerequisites.

## Programme

1 Course Introduction
2 Introduction to Workspace ONE
3 Workspace ONE Consoles Overview
4 Architecture
5 Enterprise Integration Part 1
6 Enterprise Integration Part 2
7 Integrating VMware Horizon Resources
8 Unified Endpoint and Identity Management
9 Application Access and Security

## Session Dates

On request. Please Contact Us

## Additional Information

This training is also available as onsite training. Please contact us to find out more.
