VMware Carbon Black App Control Administrator

Kód:	DÉLKA:	CENA:
VMW_VCBACA	8 Hours (1 den)	Kč bez DPH 10,000.00

Description

Školení je vedeno virtuálně v anglickém jazyce.
Cena školení je 380 EUR bez DPH - tato cena bude při fakturaci přepočtena aktuálním kurzem.
This one-day course teaches you how to use the VMware Carbon Black® App Control™ product and leverage the capabilities to configure and maintain the system according to their organization's security posture and organizational policies. This course provides an in-depth, technical understanding of the Carbon Black App Control product through comprehensive coursework and hands-on scenario-based labs.

Cíle

By the end of the course, you should be able to meet the following objectives:
• Describe the components and capabilities of application control
• Manage and configure the Carbon Black App Control server based on organizational requirements
• Create policies to control enforcement levels and agent functionality
• Implement rules to support the organization's security posture
• Use the Carbon Black App Control tools to understand agent and server data

Určeno pro

System administrators, security operations personnel including analyst and managers.
