Using Inspector V9.x - Web Based

CÓDIGO:	DURACIÓN:	Precio:
1Z031G	8 Hours	€170.00

Description

This is a bundle made up of:

- Data Stewardship with Initiate Inspector
- Managing Relationships with Initiate Inspector

Data Stewardship with Initiate Inspector:
Through in depth tutorials and explanations, learn how to use Inspector to search for member and entity records, manage and resolve pending tasks, manage member records, and prioritize your work effort.
Managing Relationships with Initiate Inspector:
Learn the core processes for managing relationships and hierarchies within Initiate Inspector. Learn how to view relationships and hierarchies, edit relationships between Entities, and resolve relationship tasks.
If you are enrolling in a Self Paced Virtual Classroom or Web Based Training course, before you enroll, please review the **Self-Paced Virtual Classes and Web-Based Training Classes** on our Terms and Conditions page, as well as the system requirements, to ensure that your system meets the minimum requirements for this course.
