## Tenable.sc Expert

<b>Kód:</b>	<b>DÉLKA:</b>	<b>CENA:</b>
TNB_TSC-ADV	16 Hours (2 DENNÍ)	Kč bez DPH 58,450.00

### Description

This fast-paced Tenable.sc™ Expert Course will build on previous instruction to advance your usage of Tenable's end-to-end vulnerability management solution in various on-premises enterprise IT environments. Content for the instructor-led course includes deploying Tenable.sc in large and extremely large-scale environments, tuning Tenable.sc for maximum performance, using the Tenable.sc API with pyTenable, and importing Tenable.sc data into Tenable Lumin for Cyber Exposure risk analysis.

Cena školení je 2 000 USD a bude přepočtena aktuálním kurzem v den objednání.

### Určeno pro

This course is suited for practitioners with 2-3 years of experience using Tenable.sc, who want to expand their knowledge of best practices and maximize the solution's capabilities. It is recommended for those seeking to obtain Tenable.sc Expert Certification.

### Vstupní znalosti

Tenable highly recommends that all participants complete the instructor-led Tenable.sc Specialist Course from Tenable University before attending this course. Some knowledge and experience with Python is also recommended.

### Program

- Introduction to Large-Scale Deployment
- Asset Identification
- Asset Responsibility
- Troubleshooting Large-Scale Deployments
- Performance Tuning
- Ongoing Operations
- Extremely Large Deployments
- Ongoing Management of Extremely Large Deployments
- Introduction to the API
- Using the API
- The Tenable Lumin Connector
- Introduction to Tenable Lumin
- Advanced Use of Tenable Lumin

### Zkoušky a certifikace

Tenable cannot award CPE credits toward industry certifications as CPE credits are awarded by the certification body that grants the certification (e.g., ISC2, SANS, PCI Council, etc.). Tenable provides a Certificate of Attendance after completion of a Tenable Instructor-Led course, and in most cases this certificate is accepted by the certification body and CPE credit is awarded.
