## Description

In this two-day class, you will learn how to use FortiAuthenticator for secure authentication.

In interactive labs, you will explore how to authenticate users, with FortiAuthenticator acting as a RADIUS, LDAP, or 802.1X EAP server, a certificate authority (CA), and logon event collector that uses — and extends — the Fortinet Single Sign-On (FSSO) framework to transparently authenticate users. You will explore captive portal guest management, FortiTokens, and digital certificates.

Formats

- Instructor-led classroom
- Instructor-led online\*
- Self-paced online

This prepares you for the FortiAuthenticator Specialist Exam. This course is part of preparation for the NSE 6 certification exam.

## Objectives

After completing this course, you will be able to:

- Deploy and configure FortiAuthenticator
- Configure the LDAP and RADIUS service
- Configure the self-service portal
- Configure Captive Portal guest management (social Wi-Fi)
- Configure FortiAuthenticator and FortiGate for two-factor authentication
- Provision USB SmartCard FortiToken 200 hardware and FortiToken mobile software tokens
- Manage digital certificates (root CA, sub-CA, user, and local services digital certificates)
- Configure FortiAuthenticator as SCEP server for CRLs and CSRs
- Configure FortiAuthenticator as a logon event collector using the FSSO communication framework
- Configure FortiAuthenticator for wired/wireless 802.1x authentication, MAC-based authentication, and machine-based authentication using supported EAP methods
- Troubleshoot authentication failures

## Audience

Anyone who is responsible for day-to-day management of a FortiAuthenticator appliance.

## Prerequisites

- FortiGate II
- Understanding of authentication, authorization, and accounting

## Programme

1. Introduction to FortiAuthenticator
2. Deploying and Configuring FortiAuthenticator
3. Administering and Authenticating Users
4. Captive Portal
5. Two-factor Authentication
6. Certificate Management
7. Fortinet Single Sign-On
8. 802.1X Authentication
9. Troubleshooting

## Session Dates

På anmodning. [Kontakt os venligst](#)

## Yderligere Information

Denne træning er også tilgængelig som træning på stedet. Kontakt os for at finde ud af mere.
