Red Hat Learning Subscription for Developers

CODE:	LENGTH:	PRICE:
REH_LS300	2920 Hours	kr44,000.00

Description

Red Hat Learning Subscription is a continuous learning solution that provides users with one year of access to online training and video classroom modality courses. There are three subscriptions available for purchase that include additional features: **basic, standard** and **developer**. For each of these tiers, there is also an enterprise subscription package.
The developer tier includes access to our entire catalog of developer content, early access content, including online learning developer content, video classroom developer courses, and up to 100 hours of hands-on lab time. In addition, you have access to up to three certification exam attempts for developer exams. The developer tier does not include all courses across the entire Red Hat Training portfolio.

Audience

This one-year subscriptions is designed to help you develop the skills and knowledge demanded by a growing technology market. It is offered in both online training and video classroom format, with high-quality content designed to prepare you for certification exams.
