Trend Micro Apex One Training for Certified Professionals – Update course

CODE: LENGTH: PRICE:

TRM_APEX-ONE-UC 8 Hours (1 day) kr8,000.00

Description

Trend Micro™ Apex One Training for Certified Professionals Update Course is a one-day, instructor-led training course aimed at participants who have already previously followed a full 3 days training in the past, and who still hold a valid Certified professional certification (valid 2 years). This one-day update training covers all new product features and training material that came in addition to version Apex One over the last 2 years (since OSCE XG)

This course is based on Apex One

This course is taught by Trend Micro-certified trainers. Upon completion of this course, participants may complete the certification examination in order to validate their Trend Micro Certified Professional for Apex One for another 2 years.

Audience

This course is designed for IT professionals who have already been certified on OfficeScan within the last 2 years. Participants are required to bring a laptop computer with a screen resolution of at least 1980 x 1080 or above; a display size of 15" or above is recommended.
