IBM Rational Team Concert 6.0.6 Developer

CODE:	LENGTH:	PRICE:
ZL1_U4ZRTD6	8 Hours (1 day)	kr7,885.00

Description

Management configuration to develop SW/HW systems. Collaborate and share work using Jazz configuration management to create and reproduce configurations, perform code reviews and explore changes

Objectives

• Explain the key concepts and terminology
• Manage work items
• Commit changes via configuration management
• Share changes with teams
• Understand a hierarchy of streams and components
• Perform merges, resolve, and avoid conflicts
• Create and compare baselines
• Use change history at multiple levels
• Understand integration mechanisms
• Discuss the user interfaces and relate them to own needs

Audience

• Software Developers
• System Engineers
• Technical Testers

Prerequisites

It would be useful to have experience with Eclipse or a similar IDE

Programme

• About this course
• Key concepts and terminology
