IBM FlashSystem 9500 Implementation

CODE: **LENGTH:** **PRICE:**

SSFS8DG 8 Hours €245.00

Description

The foundations of IBM FlashSystem 9500 are covered in this course. It introduces students to IBM FlashSystems, how to configure it, and navigate its user interface. ♦ The course delves deeper into IBM FlashCore technology, the ultra-low latency of Storage Class Memory (SCM), the rich features of IBM Spectrum Virtualize, and AI predictive storage management to provide intensive, data driven multi-cloud storage for the most critical demands. ♦ There are pre-recorded lab demos to show IBM Spectrum Virtualize in action.

Objectives

- Recall the history and fundamentals of IBM FlashSystem storage ♦
- Summarize the concept IBM Spectrum Virtualization software features ♦
- Distinguish the core principles of the IBM FlashCore Technology ♦
- Classify the characteristics and components of the IBM FlashSystem 9500 ♦
- Identify the characteristics of the traditional RAID arrays and Distributed RAID arrays as part of the FlashSystem 9500 storage solution ♦
- Summarize the symmetric virtualization process to scale up and scale out a FlashSystem 9500 system environment ♦
- Summarize the virtualization process of internal and external storage systems

Audience

Anyone interested in the product

Programme

- Unit 1: The Evolution of FlashSystems
- Unit 2: IBM Spectrum Virtualize
- Unit 3: IBM FlashSystem 9500 Architecture Overview
- Unit 4: IBM FlashCore Technology
- Unit 5: IBM FlashSystem 9500 SAS-Attached Storage
- Unit 6: Scale Up and Scale Out Solutions
- Unit 7: RAID Protection Solutions
- Unit 8: Lab demos: ♦
- ♦ ♦ Video 1: IBM FlashSystem 9500 Introduction and Product Architecture
- ♦ ♦ Video 2: IBM FlashSystem User Management with the GUI and CLI
- ♦ ♦ Video 3: IBM FlashSystem Pools, Data Reduction and CLI Commands for Pools
- ♦ ♦ Video 4: Attach a Windows host to an IBM FlashSystem
- ♦ ♦ Video 5: Attach a Red Hat Enterprise Linux host to an IBM FlashSystem
- ♦ ♦ Video 6: IBM FlashSystem Thin Provisioning and Volume Mirroring

Session Dates

Date	Location	Time Zone	Language	Type	Guaranteed	PRICE
29 Mar 2024			English	Web based Training		€245.00

Additional Information

This training is also available as onsite training. Please contact us to find out more.
