MAX4327G	8 Hours (1 day)	€780.00
----------	-----------------	---------

This course provides students with an understanding of how to create new users in Maximo Manage and manage labor, crafts, and calendar records through specialized applications. We will also use conditional expressions and control properties to implement conditional security. ♦ There is also hands-on lab exercises using a Red Hat OpenShift MAS Manage environment.

After completing this course, you should be able to:❖

- Define these Maximo components: User, People, Security Groups, and Labor
- Describe Manage Labor, Crafts, and Calendar records
- Describe the use of Conditional Expressions
- Show/Hide Screen Controls
- Modify Control Properties
- Implement Conditional Security

Consultants, System Administrators, Support, Sales, Users
