# VMWare VMware vCloud Director: Install, Configure, Manage by Broadcom [V9.x] <t

CODE:	LENGTH:	PRICE:
VMW_VCICM9	40 Hours (5 days)	kr43,000.00

#### Description

In this five-day course, you will focus on installing, configuring, and managing VMware vCloud Director® 9.x for service providers. You will learn about self-service provisioning, the creation of organizations, virtual data centers (VDCs), and catalog services that include predefined virtual machines, and on-demand VMware NSX® networks, as well as the integrated use of VMware vSAN<sup>™</sup>. This course also covers interfacing vCloud Director with other systems through the use of various APIs and the integration and use of VMware vCloud® Availability for vCloud Director® and VMware vCloud® Director Extender<sup>™</sup>.

#### Objectives

By the end of the course, you should be able to meet the following objectives:

- Deploy vCloud Director
- · Manage vCloud Director to satisfy service provider needs
- · Create and manage vCloud Director organizations and vApps to satisfy business needs
- · Create and manage vCloud Director catalogs
- Transfer virtual machine workloads from VMware vSphere® into and out of vCloud Director
- · Configure networking for organizations and vApps with the help of NSX
- Use NSX to create hybrid cloud connectivity between a public cloud and a private cloud
- · Discuss various customer onboarding scenarios with vCloud Director
- Configure the integration with vCloud Availability for vCloud Director
- Use vCloud Director Extender for hybrid cloud setup and onboarding

#### Audience

Cloud architects, systems engineers, data center administrators, and cloud administrators with experience in a service provider or managed services environment.

#### Prerequisites

This course requires completion of the following course:

- VMware vSphere: Install, Configure, Manage [V6.x] or equivalent knowledge
- Completion of the following eLearning courses is recommended:
- VMware vCloud Director: Fundamentals [V8.x]
  VMware Virtual SAN: Fundamentals [V6.x]
- VMware Network Virtualization Fundamentals
- Substantial knowledge of TCP/IP networking is helpful.

#### Substantial knowledge of TCP/IP networking is helpt
