VMware vCloud Director: Install, Configure, Manage [V9.x]

CODE:	LENGTH:	PRICE:
VMW_VCICM9	40 Hours (5 days)	kr43,000.00

Description

In this five-day course, you will focus on installing, configuring, and managing VMware vCloud Director® 9.x for service providers. You will learn about self-service provisioning, the creation of organizations, virtual data centers (VDCs), and catalog services that include predefined virtual machines, and on-demand VMware NSX® networks, as well as the integrated use of VMware vSAN™. This course also covers interfacing vCloud Director with other systems through the use of various APIs and the integration and use of VMware vCloud® Availability for vCloud Director® and VMware vCloud® Director Extender™.

Objectives

By the end of the course, you should be able to meet the following objectives:
• Deploy vCloud Director
• Manage vCloud Director to satisfy service provider needs
• Create and manage vCloud Director organizations and vApps to satisfy business needs
• Create and manage vCloud Director catalogs
• Transfer virtual machine workloads from VMware vSphere® into and out of vCloud Director
• Configure networking for organizations and vApps with the help of NSX
• Use NSX to create hybrid cloud connectivity between a public cloud and a private cloud
• Discuss various customer onboarding scenarios with vCloud Director
• Configure the integration with vCloud Availability for vCloud Director
• Use vCloud Director Extender for hybrid cloud setup and onboarding

Audience

Cloud architects, systems engineers, data center administrators, and cloud administrators with experience in a service provider or managed services environment.

Prerequisites

This course requires completion of the following course:
• VMware vSphere: Install, Configure, Manage [V6.x] or equivalent knowledge
Completion of the following eLearning courses is recommended:
• VMware vCloud Director: Fundamentals [V8.x]
• VMware Virtual SAN: Fundamentals [V6.x]
• VMware Network Virtualization Fundamentals
Substantial knowledge of TCP/IP networking is helpful.
